Dated: 30TH June, 2022.

From the President's Desk:

Dear SITians,

Warm Greetings to one and all of SIT Family. I would like to share the progress of our GSANC Auditorium. The Central stage portion is completed in all respects and it presents a very beautiful look. It has been aptly named as "GS-ANC AUDITORIUM". The low lying area near the stage portion, which was there previously has been filled up properly, well consolidated and is brought to the proper higher level. Flooring with paver blocks for the entire area of around 7000 sq.ft has been completed. We could finish this flooring work for the entire area of Auditorium, with the funds (nearly Rs 6 Lakhs) provided by one of the well-wishers of SIT. Installation of busts of our beloved, highly respected former Principals Late Sri G.S and Late Sri. ANC have been completed.

The inauguration of the Auditorium along with the busts and the opening of a newly constructed Laboratory for the PAPER TECHNOLOGY funded by Seshasayee Papers and Boards Ltd., SITAA and SES were held on Wednesday, 6th April 2022. Our beloved Chairman, Seshasayee Educational Society,(SES), SRI V.K.Seshasayee, Chairman of Seshasayee Papers & Boards Ltd, SRI N.Gopalaratnam and a host of other dignitaries, and our Alumni numbering around 300 visited SIT on that day and took part in the Inaugural functions.

I convey my heartiest thanks to each one of the Alumni for their presence and participation in the functions.

The only item that will be left will be, providing a proper roof over the entire seating area. Preliminary enquiries indicate that the expenditure of this item for the entire area of the Auditorium will be around Rs 35 Lakhs. This amount can be easily generated with the willing contribution from each one of us. Once the required fund is generated, we can complete the roofing work and hand over the fully finished Auditorium to SIT, as a humble offering of all Alumni of SIT to their Alma mater. So I appeal to one and all of you to contribute your share at the earliest. The details of the events & other activities during this quarter are presented in the subsequent pages of this issue. The Academic work goes on well, with due care taken by Sri. G.M. Rajendran, Hon. Secretary, (SES), Dr.K.Vijayakumar, Principal-I/C, Dr.V.G.Ravindhren, Vice Principal and their team. I appeal to all students of SIT to utilize the best facilities available in our Institution and shape themselves as promising professionals and leaders in their chosen fields. The list of all donors for the Auditorium project is being compiled and will be recorded in a suitable way as the record for the future generations.

Wishing you all the best,

P.A.Balasubramanian
