From the President's Desk:

Dear SITians,

I wish one and all of SIT Family the best of health, happiness and cheer. Coming to SIT, SITAA Affairs, I would like to share the following.

SIT has achieved the NBA accreditation for Mechanical Engineering, Paper Technology, Computer Engineering and Instrumentation & Control Engineering Departments.

Now we must take all the initiatives of getting NBA accreditation for Civil Engineering and Electrical and Electronics Engineering Departments. There is a proposal to remove the existing AC Sheet roofing over the present Electrical and Electronics Engineering Dept and provide a good RCC Roofing. Similarly, the same thing will have to be done for the Civil Engineering Department. There is also a proposal to construct a new Building with RCC Roofing to be in line with the Instrumentation Department for the Civil Engineering Department. All these proposals will require a lot of money. Keeping all this expenditure in mind, I once again appeal to our ever-generous Alumni to contribute so that all the related works can be completed. Your contributions may be sent in the form of cheque in the name of 'SESHASAYEE EDUCATIONAL SOCIETY – SES {BUILDING FUND| and may be sent to the 'SECRETARY, SIT ALUMNI ASSOCIATION SITAA, c/o SIT TRICHY, ARIYAMANGALAM, TRICHY 620 010 along with a covering letter giving details of your batch, branch, year of Passing, your PAN Number, mobile number and your present address to enable SIT to send the official receipt to you. You can also send the above details by mail to the mail id of the Secretary, SITAA "palanisamypwd@gmail.com". I feel happy to note the numerous positive responses against my previous appeals from several alumni and wish to thank each one of them.

We want to commemorate the 70th anniversary of the Diploma course in Civil Engineering at our institution, which has produced many successful civil engineers across various fields. This should be done in a fitting manner. We invite your valuable suggestions for celebrating and honoring this achievement. I have prepared a GOOGLE FORM for submitting the details of each Alumni of the Civil Engineering Department. Many have already filled up the form and submitted. I appeal to all those who have not sent the filled-up form to fill up the same and send. Likewise, the other Departments will also follow suit as and when they come to the 70th year.

The terms of office of the present Office bearers have already come to an end. We have to elect new office bearers. Such of those Alumni who are willing to offer their services to SIT and SITAA may send their willingness in a letter addressed to the present Secretary Sri A. Palanisamy either through letter or mail.(His mail id is already available in this column.)

The details of the events and other activities during this quarter are presented in a nice manner in the subsequent pages of this issue. The Academic work goes well, with due care taken by the Hon.Secretary, (SES) Sri S. Sangappillai, Administrative Officer Sri R. Srinivasa Raghavan, and Principal i/c Dr.V.G. Ravindran and their team. I request each one of the students in SIT to utilize the best facilities available in our Institution to the best possible extent and become a fully-fledged Engineer.

GOOD WISHES!

**P.A.BALASUBRAMANIAN,
PRESIDENT / SITAA
FORMER FACULTY MEMBER AND ALUMNUS 1963 BATCH.**

Message from the Management

Dear Students, Staff, and Esteemed Alumni,

As we enter into a new academic session with renewed hope and enthusiasm, it gives us immense pleasure to welcome all our students especially the new entrants into our polytechnic college. This institution, with its proud legacy of excellence in technical education, continues its effort to stand tall as an example of knowledge, innovation, and discipline.

As per new revised syllabus by DOTE and our Academic board, we are committed to providing our students with not only the best of academic instruction but also with hands-on training and industry exposure to equip them for a bright future. This academic year brings with its new opportunities, upgraded facilities, and a deeper focus on skill-based learning and entrepreneurship.

Unwavering commitment of our dedicated faculty and staff to shaping young minds is the cornerstone of our success. Over two decades, Alumni remain an integral part of our journey. Their achievements, across diverse fields, continue to inspire the next generation of learners. To fulfil the above requirements, we invite Alumni to stay connected, contribute your insights, and participate in our initiatives be it through guest lectures, mentorship, or collaborative projects.

We look forward to a fruitful academic year ahead and to witnessing the accomplishments, achievements, and success stories that will undoubtedly emerge from our polytechnic college.

Warm regards,

S,Sangappillai

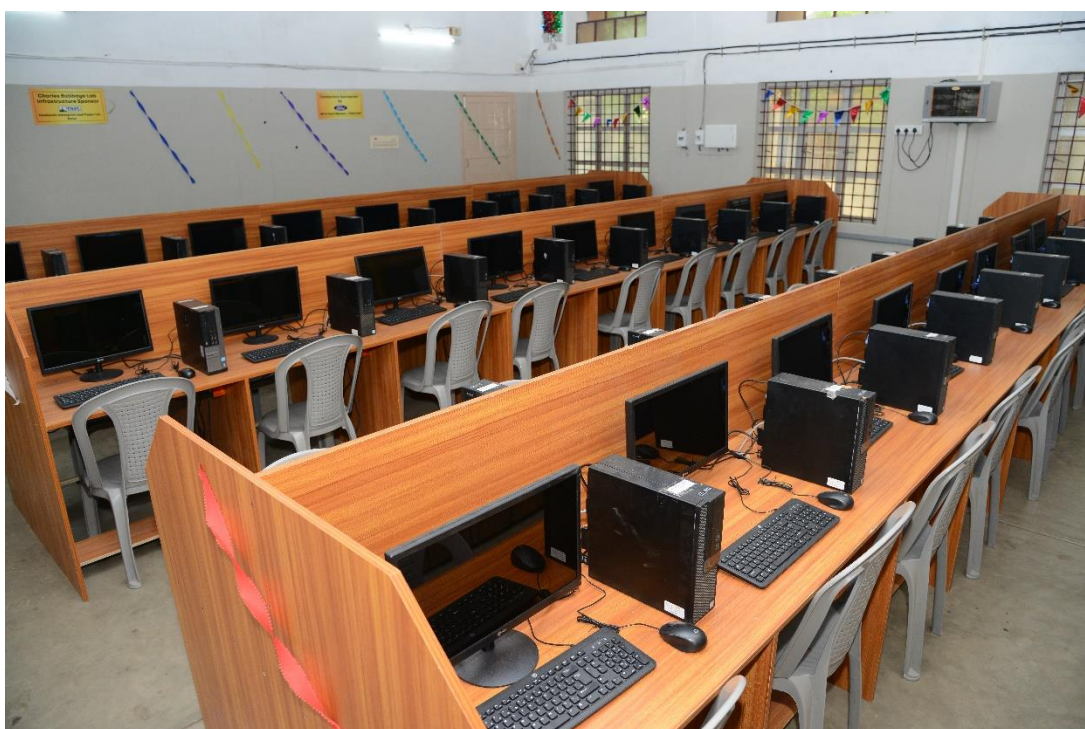

Hon.Secretary

An appeal

Greetings!

Over the past decade, SIT has undergone significant improvements and advancements, thanks in large part to the unwavering support of our alumni community. SITAA members have been instrumental in enhancing our institution's operations and fostering a vibrant student community through various initiatives, including the modernization of classrooms, laboratories, dining halls, hostels, and canteens. Additionally, your generous financial contributions have enabled us to extend much-needed support to deserving students in the form of tuition fees, hostel fees, examination fees, and medical expenses.

These enhancements have been pivotal in our pursuit of NBA accreditation. We are grateful for the continued contributions of our alumni, who have selflessly given their time and resources to strengthen SIT and fulfill its mission of producing well-rounded individuals equipped with the technical knowledge required to excel in industry. Your donations to the Seshasayee Educational Society, the governing body of SIT are eligible for tax exemptions under Section 80-G of the Income Tax Act.
